

BOUNDARIES OF A HOME:

- WHEN WE TRANSIT FROM THE MOST PUBLIC TO MOST PRIVATE PART OF OUR HOME, WE CROSS MULTIPLE BOUNDARIES. THERE ARE MULTIPLE THRESHOLDS BETWEEN OIKOS AND POLIS.

- THESE BOUNDARIES ARE EITHER PHYSICAL OR SOMETIMES PSYCHOLOGICAL ALSO. THE PSYCHOLOGICAL BOUNDARIES ARE CREATED ON THE BASES OF EXPERIENCES, PERCEPTIONS OR PHYSICAL ENTITY.

- THESE BOUNDARIES ALSO AFFECT OUR DAILY ACTIONS AND EXPERIENCES. THE BOUNDARIES CAN CREATE OR MOULD AN EXPERIENCE IN CERTAIN WAYS. THEY ALSO ALLOW US ACTIONS THAT ARE NOT POSSIBLE IN OTHER ITERATIONS.

- TO UNDERSTAND THESE BOUNDARIES, SOME EXPERANTIAL QUESTIONS WERE KEPT IN MIND.

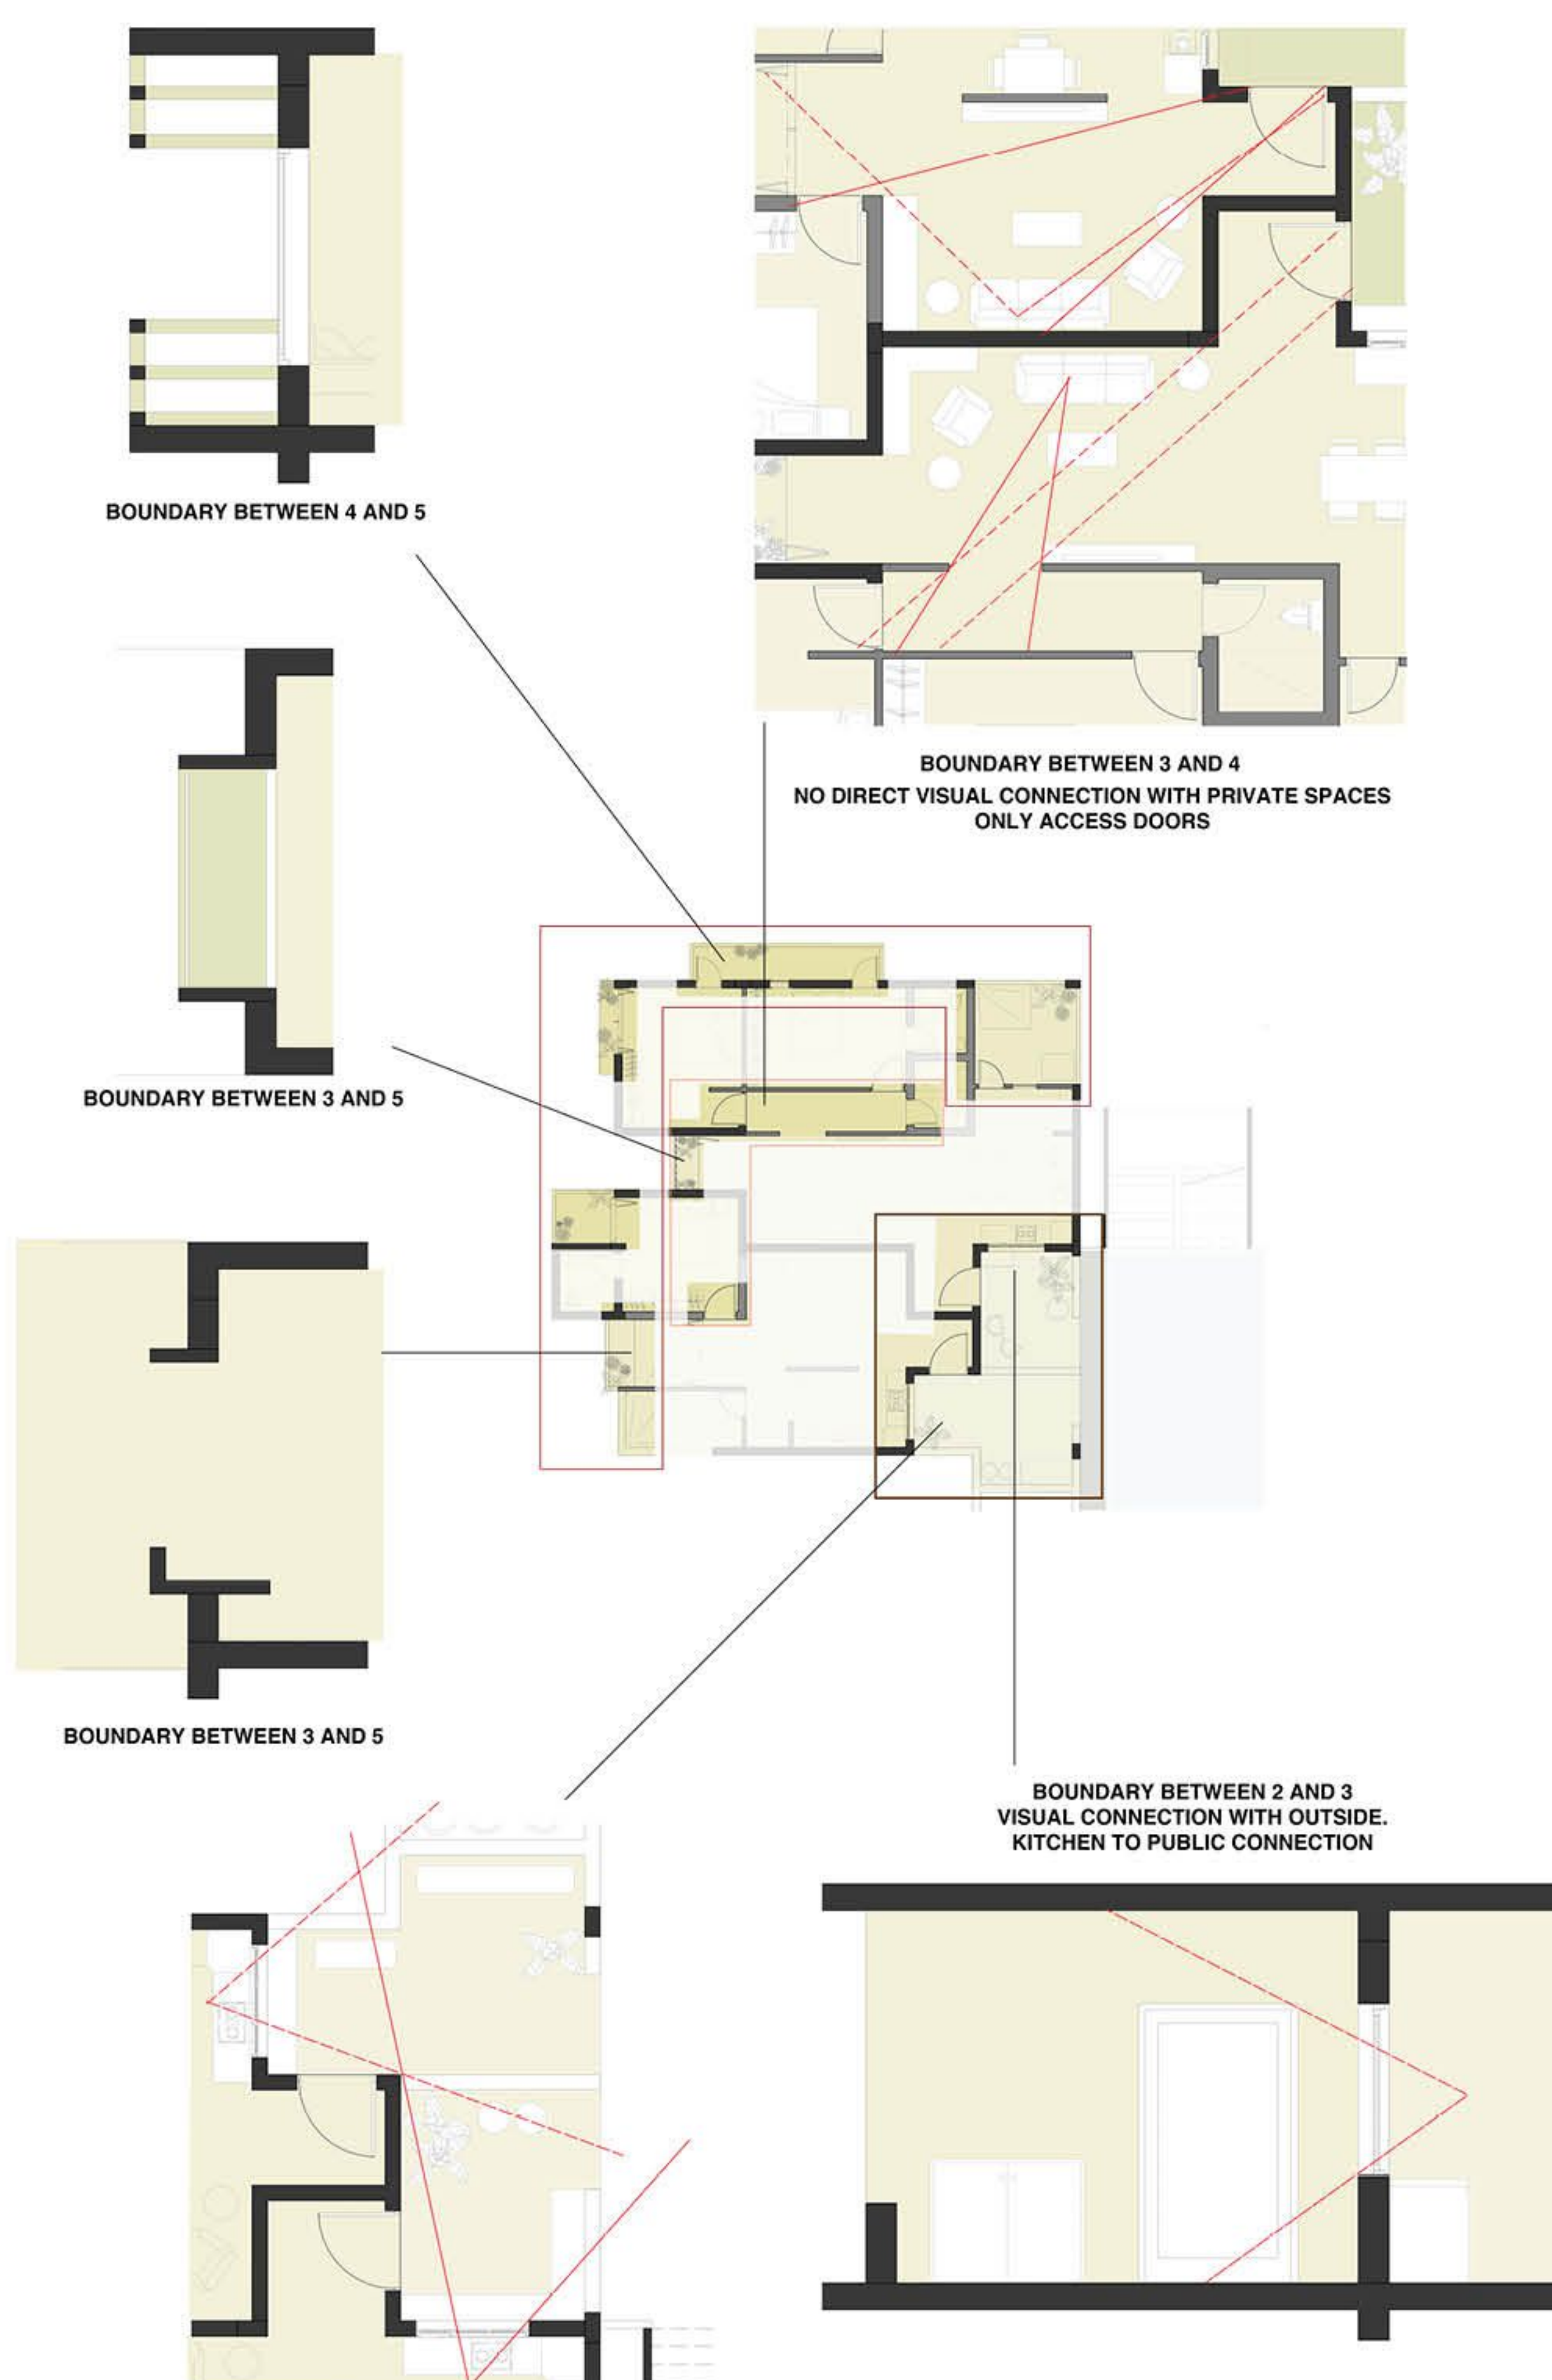

HOW FAR DO YOU ALLOW YOUR KIDS TO GO TO PLAY?

HOW MUCH DO YOU EXTEND YOUR HOUSE DURING FESTIVALS OR OCCASSIONS?

AFTER WHICH POINT DO YOU FEEL SAFE WHILE COMING HOME ALONE LATE NIGHT?

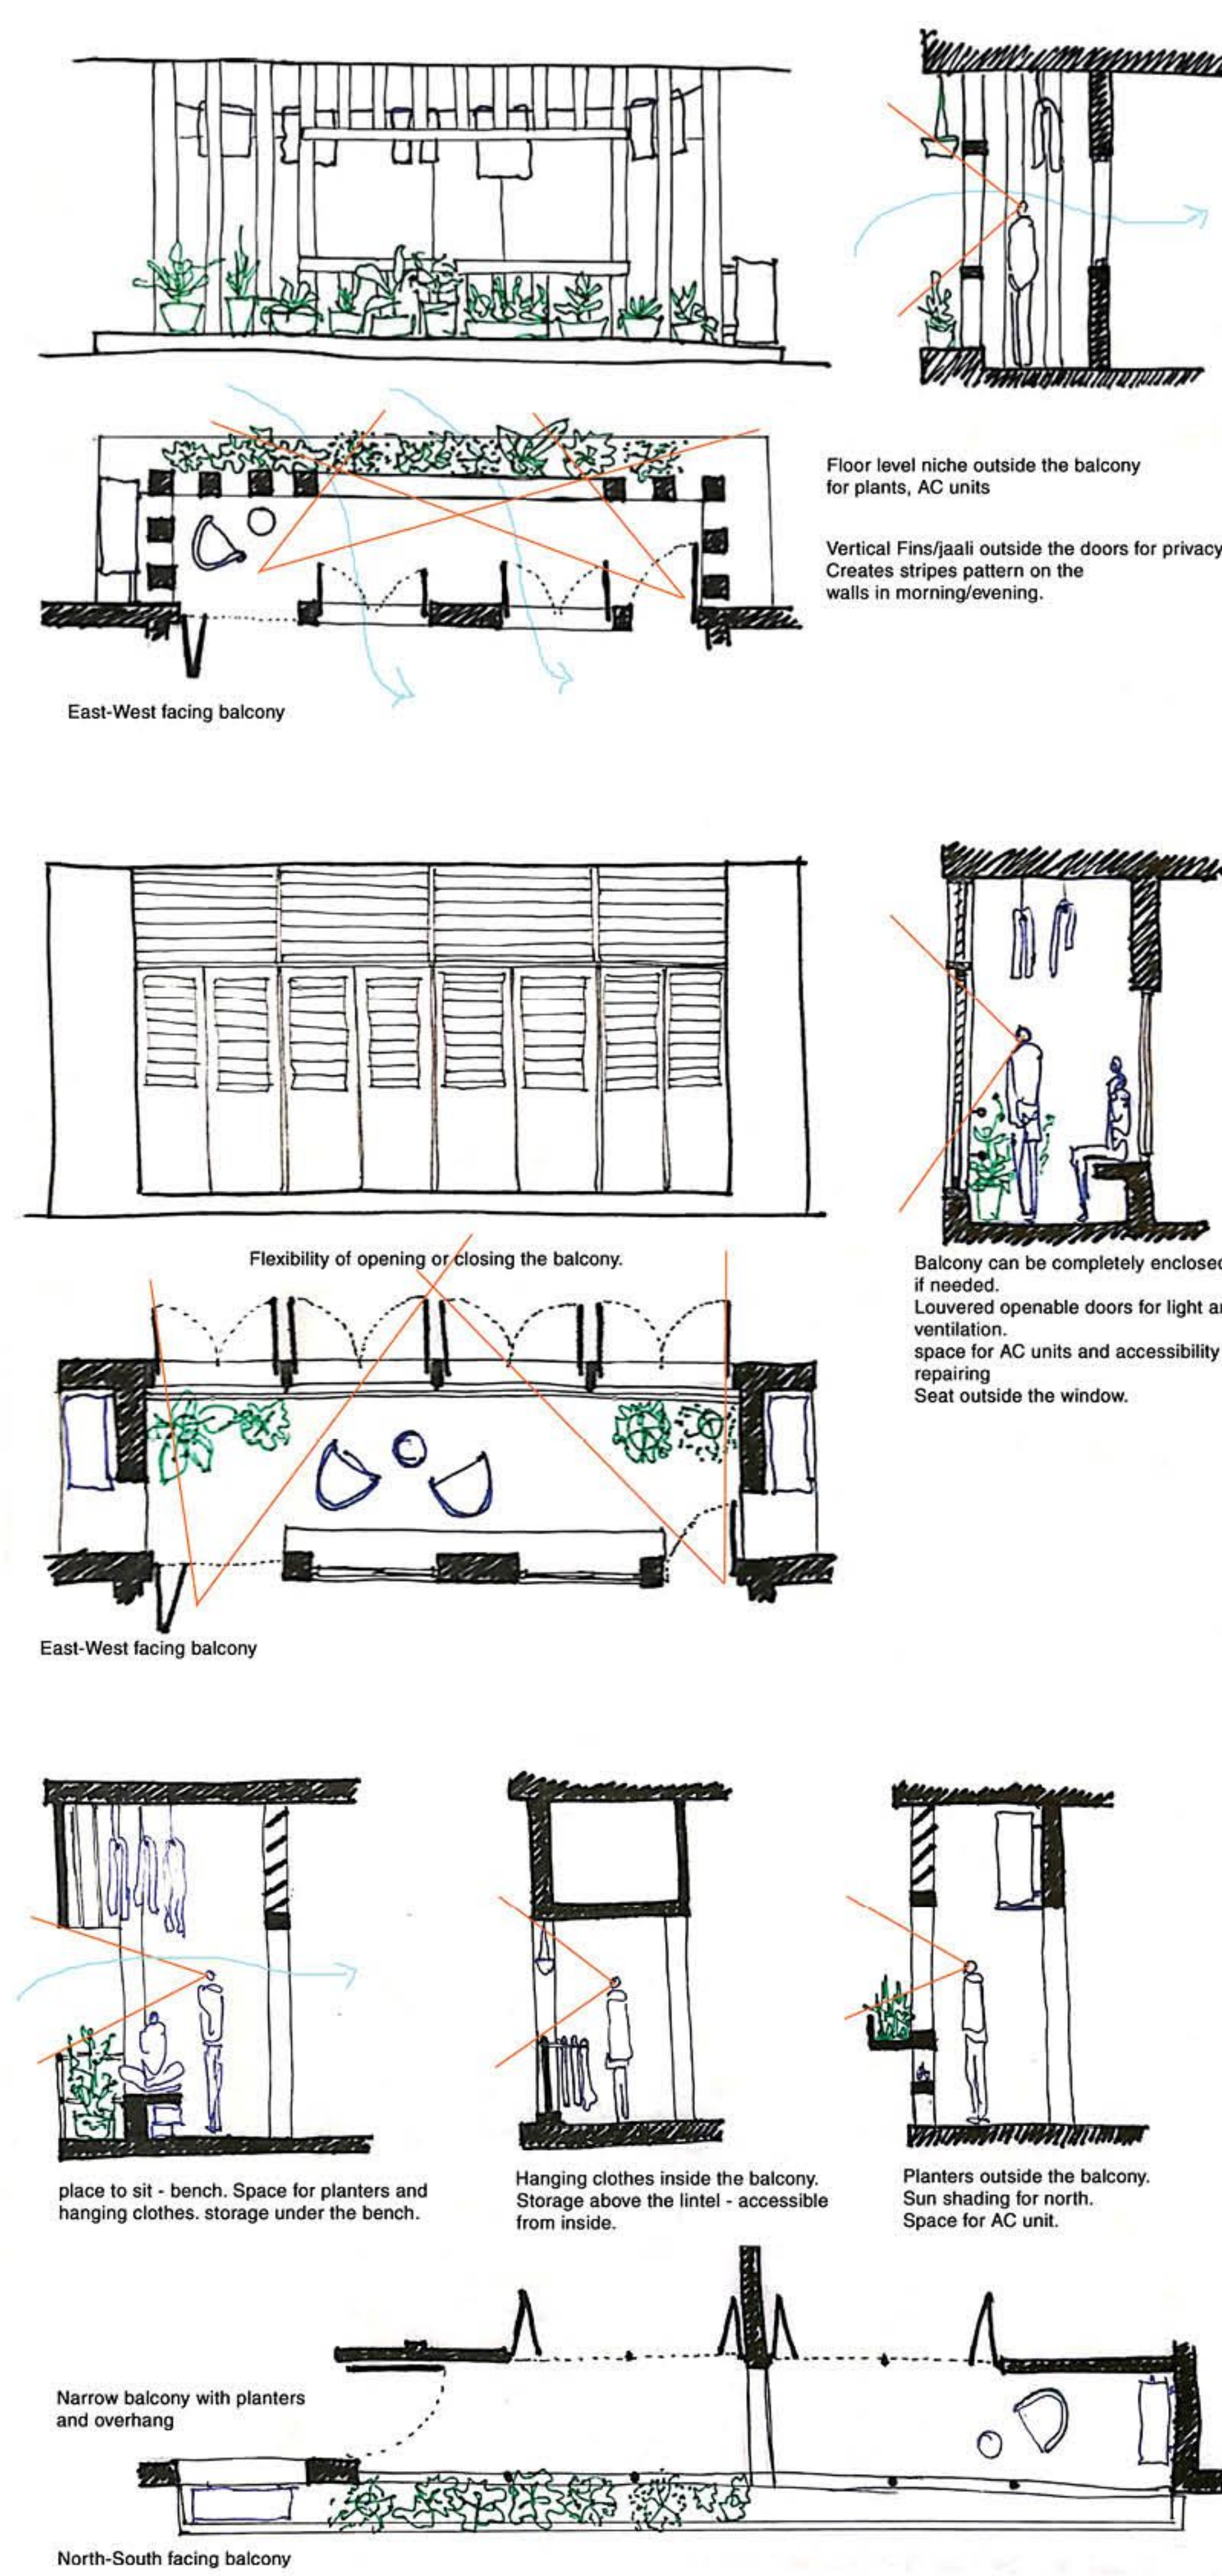

HOW FAR DO YOU GO IN YOUR HOUSE CLOTHES?

- THESE QUESTIONS NOT ONLY GIVE US AN IDEA OF PSYCHOLOGICAL BOUNDARIES BUT ALSO THE NEED OF PROVISION OF CERTAIN DESIGN DECISIONS THAT DIRECTS AN EXPERIENCE

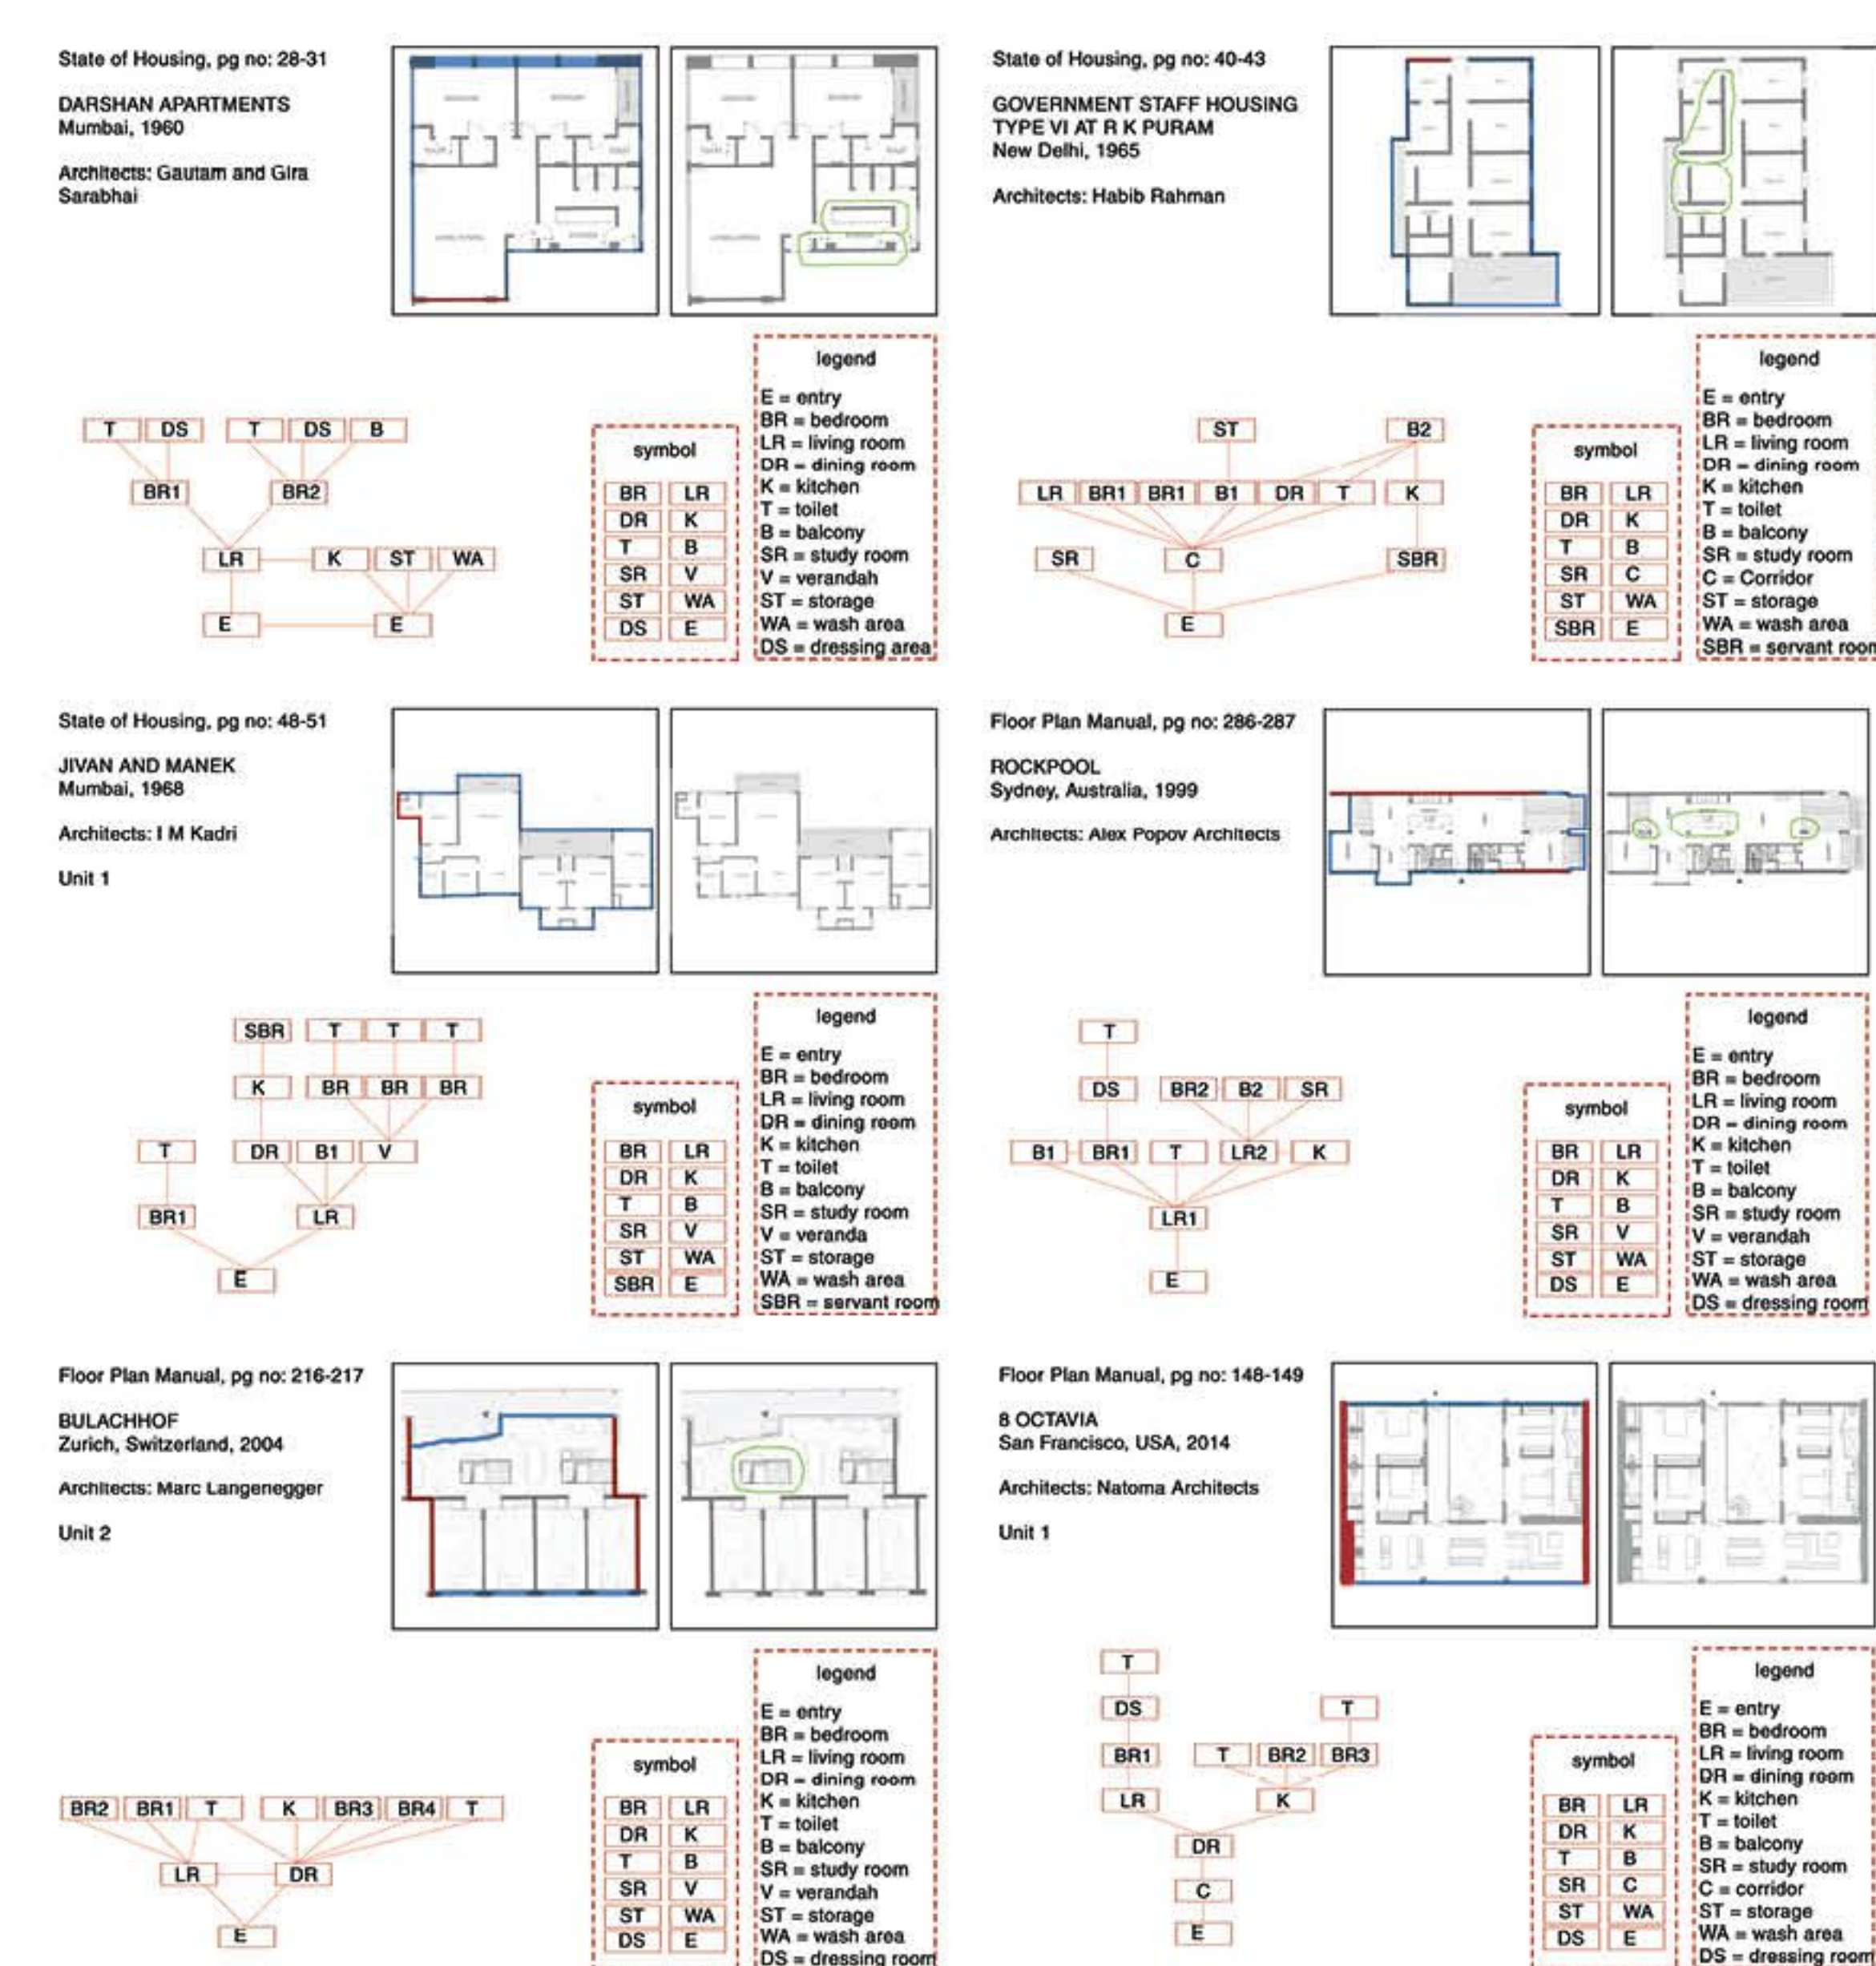

ON BLOCK LEVEL,
THE BOUNDARIES DIVIDE THE HOME IN 5
PARTS

1. LIFT LOBBY - PUBLIC (FOR RESIDENTS)
2. ENTRANCE LOBBY - PART OF HOME,
VISIBLE/ACCESSIBLE FROM LIFT LOBBY
3. LIVING ROOM AND KITCHEN - SHARED
AREAS OF THE HOME
4. BEDROOMS AND BATHROOMS - PRIVATE
AREAS OF THE HOME
5. OUTSIDE - PUBLIC
